What does the 2023 - 2024 budget include?

School Building Budgets

The individual school budgets will use the same allocation method for the 2023-2024 budget as was used in 2022-2023.

Career and Technology Programs

The 2023-2024 budget supports the operation of the Warren County Career Center (WCCC), the District's Area Vocational-Technical School. In 2023-2024, the WCCC will offer 13 programs (Auto Collision, Auto Technology, Building and Construction Occupations, Child Care, Computer Technology/Information Technology, Food Production and Management, Health and Medical Assisting, Machine Technology, Multimedia Marketing Design, Power Equipment Technology, Pre-Engineering, Protective Services, and Welding).

Curriculum

The budget supports the annual curriculum needs of the students, with dollars allocated for curriculum writing and design, new textbooks, online content, and hosting fees to replace aged textbooks and to align with curriculum.

Curriculum Writing and Mapping – All disciplines are reviewed regularly, and changes will be brought before the Board, as needed. Curriculum Specialists in all four content areas (Mathematics, English Language Arts, Science and Social Studies) are working on curriculum revisions and designing district-wide common assessments for the 2023-2024 school year. English Language Arts, Mathematics, and Social Studies will have marking period common assessments in grades 6-12. Science will begin implementing the new PA STEEL Standards in grades 6-8, and will also have marking period common assessments in these three grade levels.

Academic coaches and curriculum coordinators have updated elementary math, ELA, social studies, and science planned instruction and curriculum maps.

The district has changed instructional platforms for curriculum mapping and lesson planning beginning with the 2023-2024 school year. The instructional platform being used for the upcoming year is called OnCourse.

Professional Development - Focus areas will be the various state mandates, such as trauma training, safe schools training (Act 55); Chapter 49 mandates including Structured Literacy, Ethics, and Culturally Relevant and Sustaining Education; as well as technology updates; MDT Manual; Instructional Best Practices; PA STEEL Standards and STEM Integration; Classroom Technology Integration; Curriculum Development; Amplify CKLA English Language Arts curriculum (k-5) and intervention; assessment and grading; OnCourse curriculum mapping and lesson planning; social and emotional strategies; building level data analysis; and School-Wide Positive Behavioral Interventions and Supports.

Multi-Tiered Systems of Support (MTSS) – The District will continue to use a multi-tiered system of support framework in ELA, attendance, and social emotional learning with a tiered infrastructure

that uses data to help address academic and social-emotional needs. The MTSS implementation plan will focus on developing tiered interventions in mathematics (k-12) and ELA (6-12) throughout the 2023-2024 school year.

The District's elementary staff will continue to implement the MTSS model in English Language Arts/Reading during the 2023-2024 school year. The purchase of the mCLASS/DIBLES 8/Amplify Reading suite will provide the benchmark, progress monitoring, and intervention materials and licenses for MTSS. Mathematics intervention will also be included.

After School Programming – The 21st Century After School Program will continue in all four attendance areas for both elementary and middle-level students through December.

Dual Enrollment

Students will continue to have the opportunity to enroll in undergraduate coursework offered through dual enrollment courses at St. Bonaventure University conducted at the Pine Grove Campus; dual enrollment courses offered through Mercyhurst University and Penn-West Clarion University in an online format; dual enrollment courses through the University of Pittsburgh at Bradford with courses offered within the District through accreditation of the District's teaching staff; dual enrollment courses offered by the Northern Pennsylvania Regional College with courses offered at Hi-Ed in the evening hours; Harrisburg University through the STEM Academy and dual enrollment credit opportunities from both Penn College NOW and Jamestown Community College for Warren County Career Center students.

During the 2023-2024 school year there is a potential of using a \$75,000 grant which a portion could be allocated for tuition expenses.

EL (English Learners)

The District will provide ELL services via contracted services with the IU5.

Full-Day Kindergarten

The District remains committed to maintaining a full-day kindergarten program and has allocated the appropriate funding.

Tutoring

The District plans to continue elementary MTSS tutoring during the 2023-2024 school year, as well as utilizing the online tutoring program, BrainFuse for all K-12 students.

Grants

The proposed budget will continue to provide the administrative capacity to pursue, implement, and manage a variety of grant funding opportunities.

Gifted Education

The Gifted Support Program will continue to meet the requirements under Chapter 16 for its gifted support students. The gifted support staff will meet the gifted students' specific academic needs, which must go beyond the general education program. This will lead to specially designed instruction, which may include varied approaches to content and learning to meet the specific learning needs within the classroom environment. The gifted support staff will collaborate with classroom teachers and provide support throughout the year to meet the needs of our high-achieving students. The gifted support teachers will regularly work in collaboration with the regular education teacher to provide pretesting, above level content, and other enrichment services. Through these avenues the gifted support staff will be able to meet the needs of our gifted student population more consistently while enriching the classroom curriculum. There will be additional enrichment opportunities throughout the year which will allow gifted students to work with district-wide, like-ability peers. The gifted support staff will continue to complete student screenings, testing, and write GIEPs.

STEM Education

All district elementary schools and middle schools will provide STEM education in the 2023-2024 school year. STEM 9 and the STEM Academy will be available for students in grades 9-12. Additionally, the implementation of TV Studios at Eisenhower Middle High School and the STEM Academy will take place during the upcoming school year.

In addition to the middle level PLTW courses, new STEM courses are being built at the middle level to integrate the new PA STEEL Science Standards, and to allow for consistency across the district.

The STEM Academy offers two career pathways: Arts & Communication and Engineering & Technology, for 9th to 12th-grade students. Through hands-on learning, students explore robotics, virtual reality (VR), artificial intelligence (AI), coding, and audio and video editing, as just some of the areas available to students to explore in depth. They design, build, and program robots, delve into emerging technologies, develop coding proficiency, and unleash their creativity in multimedia production. With state-of-the-art facilities and equipment, students collaborate and innovate while documenting their growth in a portfolio. Additionally, the STEM Academy will introduce a new pilot training program in partnership with the Aircraft Owners and Pilots Association (AOPA), allowing students to remotely and regularly explore the aviation industry, expand critical thinking skills, and open doors to future careers. Students will also have the ability to earn credit through Harrisburg University of Technology through a few additional course offerings, one in which students can receive their drone certification. Finally, students will also have access to a full TV studio in order to dive deep into many different realms of multimedia.

Homebound Instruction

This mandated program provides homebound instruction in the home for students unable to attend classes in their schools.

McKinney-Vento

The McKinney-Vento Education of Homeless Children and Youth Assistance Act is a federal law that ensures immediate enrollment and educational stability for homeless children and youth. The District continues to have a designated homeless liaison to ensure that homeless children and youth are identified and served.

Online Education

The Warren County School District (WCSD) Virtual Academy can offer flexibility in student scheduling by allowing students to take core and/or elective courses virtually, freeing up time in the students' schedules to take other courses of interest such as band, art, foreign language, or classes that conflict in their schedules. Blended programming is offered where students attend the Warren County Career Center or their home school for some courses and take the remaining coursework online. Many students take an elective class, because it is something they are interested in, and it is something the District does not offer in the traditional brick and mortar setting. Other students may choose the full-time option due to a variety of reasons.

The Virtual Academy Services of WCSD offers and provides online educational courses to outside school districts. Outside school districts continue to request online services for kindergarten through twelfth grade. Through marketing avenues, this area of online educational services continues to expand. For the 2023-2024 school year, the district will provide online educational services to approximately twenty Pennsylvania school districts.

Additionally, online learning is utilized to support credit recovery. The WCSD Virtual Academy continues to grow and is changing the face of education today.

Special Education

Special Education: As required by law, the district will continue to provide a Free and Appropriate Public Education to students with disabilities.

WCEA Contract

The cost of implementing the newly ratified WCEA contract is included in the 2023-2024 budget.

Athletics

Communities will once again need to support the athletic teams at the schools in a manner similar to what has been done the past few years to help offset costs associated with supplies, uniforms, transportation, dues/fees, and game fees.

K-12 Co-Curricular Offerings

The District will continue to offer co-curricular offerings comparable to prior years in the 2023-2024 school year. Funding for co-curricular activities is primarily used for advisor supplemental salaries for each program.

Buildings & Grounds

The 2023-2024 school budget will provide for custodial supplies, custodial staff, and custodial equipment necessary to provide clean and safe schools. The Maintenance department will likewise continue to provide support to the academic programs by maintaining operation of District facilities and grounds. Included in the 2023-2024 budget are funds to provide for all utilities and services such as natural gas, electricity, water, refuse collection, and snowplowing.

Contingency Funding

The 2023-2024 budget includes a contingency fund in the amount of \$2,410,000 to cover the cost of any unresolved staffing needs, fuel and/or transportation increases, and implementation of Board goals.

Food Services

The Nutrition Group's contract has been approved for the 2023-2024 school year by PDE. Nutrition's new contract is break even for the 2023-2024 school year. The National School Breakfast/Lunch/Snack Program (NSLP) will be utilized for the 2023-2024 school year while opting for the Community Eligibility Provision (CEP) Option for all schools in the district.

Transportation

The District will continue to contract for student transportation that is safe, reliable, efficient, and cost effective. The District transports students over 11,000 miles per school day, or 1.86 million miles annually.

Safety

The 2023-2024 budget provides the dollars to maintain school resource officers in the District and fund safety improvements.

First Aid Certification

The 2023-2024 budget continues to provide the dollars necessary to train and certify appropriate staff members, parents, and students in First Aid. Ten district personnel, with at least two in each attendance area, have become certified CPR and First Aid trainers with the credentials to train WCSD staff.

Seven-Year Technology Plan

The 2023-2024 budget supports technology improvements and replacements as a part of the proposed seven-year Technology Plan with intent to leverage federal pandemic related funding.

Seven-Year Textbook Plan

The 2023-2024 budget supports the purchase of new textbooks, per the seven-year textbook plan. It also supports annual online licensing for instructional software, music materials and instruments, WCCC resources and supplies, special education textbooks, and other textbook expenditures as a part of the Seven-Year Textbook Plan.

Seven-Year Plan – Buildings & Grounds

The 2023-2024 budget supports the Seven-Year Maintenance Plan by addressing projects at the end of their predicted life cycle.

After School Bus Runs

The 2023-2024 budget includes the dollars necessary to cover the post-reimbursement cost of running late buses in each of the four attendance areas.
